**Game Design**

Narrative

**1**

**3D Art**

**2**

**Tech Art**

FX

**1**

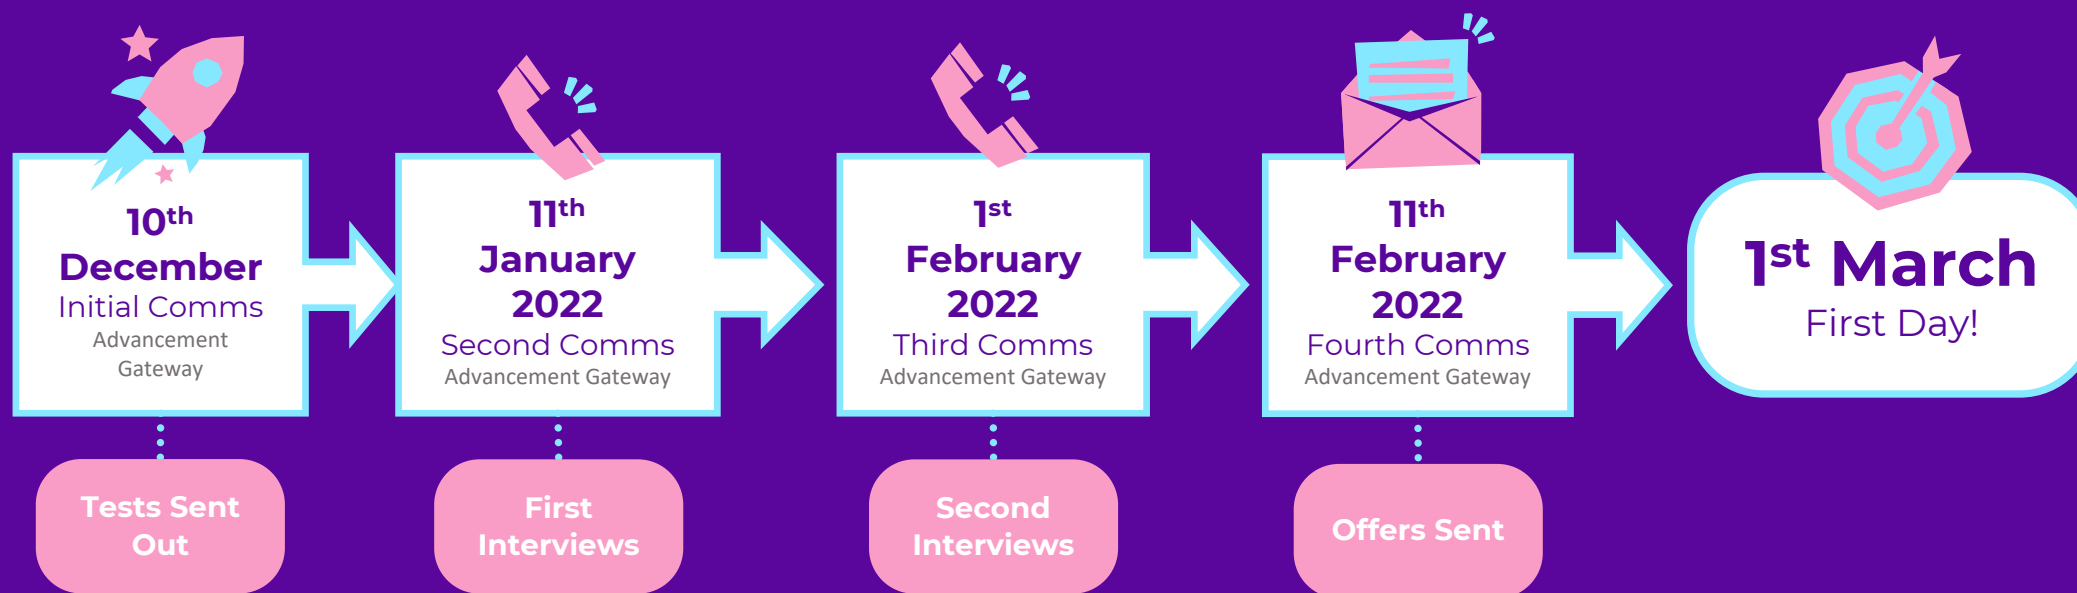

**Programming**

**2**

# WHEN WILL I HEAR BACK?

A candidate can expect a response at certain dates in the timeline.

Depending on the success of an individual application, these key dates are as follows:

# HOW CAN I HELP THE SELECTION PROCESS?

## **Always submit a CV**

Despite the anonymity of the first round of our selection process, your CV in further application rounds plays an important part in showcasing who you are and your accomplishments that will help your chances of getting into the graduate intake.

## **Go above and beyond**

Show us what you can do! Take the graduate test and do the best work you possibly can, we love to see that you are truly passionate in your discipline.

## **Be yourself!**

Interviews are stressful and nerve wracking events, we get that. At Mighty Kingdom we just want to get to know who you are, and what motivates you. Be yourself, breathe, and show us the best side of you!

# FAQ

## **Will my relocation costs be covered?**

We will contribute to your relocation costs.

## **Is there a minimum skill level required?**

We are looking for potential, so even if you are not proficient right now, but have shown an aptitude for learning, then that is a plus. We do look for a base level of skill within your chosen discipline, so that you will be able to get the most out of the Graduate Intake and be a good contribution to the projects you will be working on.

## **What will the terms of my employment be?**

A 12 month contract is offered, and renewal is based on company needs and performance.

## **I have lost the email link, what do I do?**

During applications, you may be sent links for test submissions or interviews. If you misplace one of these links, do not panic, simply go to the [Link Recovery Page](#) on the graduate portal and enter your email address, we will then send you the latest stage-appropriate email that you have been sent. If for whatever reason that does not work, or does not send the correct email, please contact us using the contact us on the [Support Page](#) of the graduate portal.
